**DECISION**<sup>1</sup>

On May 8, 2008, the parties to the above-captioned case filed a Stipulation memorializing their agreement as to the appropriate amount of compensation in this case. Petitioner alleged that she sustained the first symptom or manifestation of the onset of thrombocytopenia purpura and urticarial vasculitis after receipt of the HepB and Measles-Mumps-Rubella (MMR) vaccines. Respondent denies that petitioner suffered the onset of thrombocytopenia purpura and urticarial vasculitis as a result of her HepB and MMR vaccinations and denies that petitioner’s current disabilities are sequela of her alleged vaccine-related injuries. Nonetheless, the parties agreed informally to resolve this matter.

The court hereby **adopts** the parties’ said Stipulation, attached hereto, and awards compensation in the amount and on the terms set forth therein. Specifically, petitioner is awarded a lump sum of \$230,000 in the form of a check payable to petitioner. The Clerk of the

STIPULATION

The parties hereby stipulate to the following matters:

1. Jill Ann Ball, petitioner, filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 to 34 (the "Vaccine Program"). The petition seeks compensation for injuries allegedly related to petitioner's receipt of hepatitis B and Measles-Mumps-Rubella ("MMR") vaccines, which vaccines are contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. § 100.3 (a)(V), (a)(VIII).
2. Petitioner received hepatitis B vaccinations on March 9, 1998, and June 19, 1998, and MMR vaccinations on June 19, 1998 and October 11, 1999.
3. The vaccinations were administered within the United States.
4. Petitioner alleges that she sustained the first symptom or manifestation of the onset of thrombocytopenia purpura and urticarial vasculitis following receipt of her hepatitis B and MMR vaccinations.
5. Petitioner represents that there has been no prior award or settlement of a civil action for damages on her behalf as a result of her condition.

6. Respondent denies that petitioner suffered the onset of thrombocytopenia purpura and urticarial vasculitis as the result of her hepatitis B and MMR vaccinations and denies that petitioner's current disabilities are sequelae of her alleged vaccine-related injuries.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$230,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Payment made pursuant to paragraph 8 and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

11. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, the money provided pursuant to this Stipulation will be

used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

12. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity, and on behalf of her heirs, executors, administrators, successors or assigns, does forever and fully expressly release, acquit and discharge the Secretary of Health and Human Services and the United States of America from any and all actions, causes of action, agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature on account of, or in any way growing out of, any and all known or unknown personal injuries to or death of petitioner resulting from, or alleged to have resulted from, hepatitis B vaccinations administered on March 9, 1998, and June 19, 1998, and MMR vaccinations administered on June 19, 1998 and October 11, 1999, as alleged by petitioner pursuant to a petition for vaccine compensation filed on or about July 2, 1999, in the United States Court of Federal Claims as petition No. 99-424V.

13. If petitioner should die prior to receiving the payment described in paragraph 8, this agreement shall be considered voidable upon proper notice to the Court on behalf of either or both of the parties.

14. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be null and void at the sole discretion of either party.

15. This Stipulation expresses a full and complete settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as
