ORDER

Pursuant to the discussion at the OAP status conference held on April 25, 2007, the PSC shall contact this office (and respondent's counsel) by April 30, 2007, to inform us on the status of the additional potential "test case," regarding the PSC's first "general causation theory," being evaluated by the CHC firm. Further, we hereby extend, until May 10, 2007, the PSC's time for designating the third "test case." We also extend, until June 15, 2007, the PSC's time for filing expert reports in each of the second and third test cases. The respondent's expert reports in each case will be due on August 15, 2007, and evidentiary hearings will be scheduled for September of 2007.
