No. 01-0605V
PUBLISHED

Mr. James E. Baker, of Seattle, Washington, Attorney for Petitioners.

Catherine Reeves, United States Department of Justice, Washington, D.C., for Respondent.

ERRATA

The name of the child in the above-captioned case was incorrectly referenced in the entitlement decision filed November 25, 2003. The name "Adam" was twice inadvertently substituted for "Noah" in Section III of the decision. Specifically, "Adam missed his 18-month appointment, which was to be the next scheduled appointment," should read: "Noah missed his 18-month appointment. . . ." Next, "There is no evidence that Adam returned to the Children's Clinic in the interim, or to any other medical facility until the visit on October 27, 1999, approximately five months after his May 14 vaccinations," should read: "There is no evidence that Noah returned to the Children's Clinic in the interim, or to any other medical facility . . . ." The original decision is attached and stands as written with the exception of the two fore-mentioned changes.

IT IS SO ORDERED.
