

United States Court of Federal Claims

Vaccine Case Processing Filing Tips

These pointers do not replace a careful review of the Vaccine Rules and the Guidelines for Practice Under the National Vaccine Injury Program. See <https://www.uscfc.uscourts.gov/vaccine-programoffice-special-masters>.

Pro Se Cases

- The court and respondent may file electronically via CM/ECF in pro se cases. Respondent must include a certificate of service indicating pro se petitioner was served as prescribed in RCFC 5(b)(2).
- In accordance with Amended General Order No. 2 re-issued on 3/3/2021, pro se litigants with active cases before the court shall, absent extraordinary circumstances, submit all case filings via e-mail to ProSe_case_filings@cfc.uscourts.gov.
- All documents submitted by e-mail must be attached in Portable Document Format (PDF), and the e-mail subject line should include the case name and docket number for which the submission is intended.
- Each e-mail submission should be limited to a document that is clearly identified as a filing pursuant to a court rule or in response to a court order.
- Only the contents of the attached PDF will be considered part of the submission and processed by the Clerk's Office; any content in the body of the e-mail will not be processed by the Clerk's Office or considered for inclusion in the case record.
- To satisfy the signature requirements of RCFC 11, e-mailed submissions may include an electronic signature (s/[name of party]). See Appendix E, RCFC, ¶ 19(a).
- Pro se litigants with active cases before the court may, if feasible, receive instant notification by e-mail of all electronic filings.
- To receive instant notification of filings by e-mail, a pro se litigant must file an E-Notification Consent Form in each of his or her active cases before the court (see form 15 at <https://www.uscfc.uscourts.gov/forms>).
- By filing an E-Notification Consent Form, the pro se litigant consents to receiving notice by e-mail of all electronic filings in the named case, pursuant to RCFC 5(b), via the court's electronic filing system; waives service and notice of these filings by first class mail.
- Because of the restricted nature of vaccine filings, petitioner(s) will not have access to filings in such cases through PACER. Thus, in addition to receiving a Notice of Electronic Filing (which will immediately alert petitioner(s) when a filing has been made), petitioner(s) will also receive a separate e-mail providing a copy of each future filing in PDF format. Please note that if a motion for substitution of counsel is filed later in the litigation, and the case is converted from a pro se case to an electronic case, petitioner(s) will no longer be served with filings or receive the Notice of Electronic Filing (NEF) via a separate e-mail.

Filing Petitions Electronically (attorneys only)

- When filing a petition electronically, all documents associated with the petition (e.g., cover sheet, notice of filing, exhibit list, exhibits, etc.) should be filed as attachments to the petition.
 - DO NOT file any motions, notices, or other documents as separate entries in the shell case.
- Once you submit payment in CM/ECF, you must complete the transaction. If you hit the back button, you will be charged twice.
 - If the transaction requires modification, complete the transaction and then call the Clerk's Office at (202) 357-6366 for assistance.

Petitions in General

- A petition must include a certificate of service in accordance with RCFC 5.3 stating that one copy of the petition and accompanying documents has been served on the Secretary of Health and Human Services. See *Vaccine Rule 2(e)(1)*.
- Electronic service of vaccine petitions on the Department of Health and Human Services is now available. To electronically serve a copy of your petition on HHS, please visit <https://www.hrsa.gov/vaccine-compensation/index.html>.

- A petition must include a cover sheet completed in its entirety. *See* Form 2, Cover Sheet at <https://www.uscfc.uscourts.gov/forms>.
- If a petition is filed on behalf of a minor, the case caption may include only the minor’s initials so as to protect the minor’s privacy. *See Vaccine Rule 16(b)*.
- A table of contents listing all exhibits must accompany the petition. *See Guidelines at p. 19.*
 - Thereafter, an updated exhibit list must accompany any additional exhibits filed so as to avoid duplicate exhibit number or a skipped number.
- Effective January 1, 2020, petitioners must file a completed Pre-Assignment Review (PAR) Questionnaire. The PAR Questionnaire may be found at <https://www.uscfc.uscourts.gov/vaccine-sample-filings>.
 - When filing the PAR Questionnaire electronically, petitioner should either include the questionnaire as an attachment to the petition, or, if filed at a later date, file the questionnaire using the CM/ECF event “**PAR Questionnaire.**”
 - For more information on the PAR process, please visit the court’s website at <https://www.uscfc.uscourts.gov/vaccine-programoffice-special-masters>.

PDFs Filed Electronically in CM/ECF (attorneys only)

- For each filing, the main document and each attachment must be no more than 50 MB in size. *See Supplement to Appendix B, ¶ 9(b)(iii) and <http://www.cofc.uscourts.gov/cmecf-faq#PDF>.*
 - If a scanned PDF is too large, the “Optimize Scanned Image” feature in Adobe Acrobat will compress the file. A file size can often be reduced by 50 to 90 percent.
- All PDFs must be text searchable. *See Supplement to Appendix, ¶ 9(a)(i)(B)*.

Filing Medical Records in CM/ECF (attorneys only)

- Accessing large files on a slower network connection can sometimes take an excessive amount of time. We ask that attorneys avoid scanned files whenever practicable and utilize PDF optimization methods to keep files as small as possible. These optimization methods vary depending on the PDF software used.
- Medical records should be filed electronically in CM/ECF whenever possible.
 - CDs should be avoided as they are often damaged during delivery and deteriorate over time.
 - Voluminous medical records may be split into multiple filings to avoid delays or failure (e.g., “Medical Records Part 1,” “Medical Records Part 2”).
 - Each filing must consist of a main document (e.g., “Notice of Filing Medical Records Part 1”) and may include multiple attachments, although counsel must endeavor to limit the total number of attachments.
 - When filing each segment of a voluminous record (i.e., Part 1, Part 2), be sure to use the proper event (e.g., Medical Records) rather than the generic Notice of Filing.
 - Each attachment to the main document should be its own separate exhibit and each exhibit should include a brief description of the subject matter (e.g., “Ex. 1, Birth Certificate,” “Ex. 2, Prenatal Records”) within the body of the main document as well as in the description text box when uploading to CM/ECF. *See Supplement to Appendix B, ¶ 10(b)*.
 - Exhibits should be separately paginated and consecutively numbered (for petitioner) or lettered (for respondent) beginning with the next available exhibit number/letter in the case.

Attorney of Record

- If the special master grants a motion to withdraw as attorney of record, the order granting the motion will direct the Clerk of Court to convert the case from an electronic case to a non-electronic case and the case will proceed pro se.
 - See “Pro Se Cases” section above.
 - The former attorney must also serve the motion on the pro se petitioner in a manner prescribed in RCFC 5(b)(2).
 - The Clerk of Court must serve the order granting the motion on both the former attorney and the pro se petitioner in a manner prescribed in RCFC 5(b)(2).

Filing in CM/ECF

- When filing a document in CM/ECF, select the proper VACCINE event or the vaccine event that most closely captures the item you are filing (see attached list of vaccine filing events).

- Selecting the proper event is critical to ensure:
 - accurate statistical reports;
 - that proper deadlines are set; and
 - that the Clerk’s Office is on notice of action to be taken (e.g., the entry of judgment, the assignment of the case to a judge for review, the substitution of counsel).
- If you are uncertain which event to use, please call the Clerk’s Office at (202) 357-6366.
- Notices, status reports, motions, responses, replies, and/or other pleadings are considered the main document. *See Guidelines at p. 21.*
 - DO NOT file exhibits (including medical records, medical literature, affidavits, and declarations) as the main document; a Notice of Filing should be filed as the main document and exhibits attached to the main document.
 - The main document must be captioned with the court’s name, the case title and docket number, and the name of the assigned Special Master. *See Vaccine Rule 16(a).*
 - The main document must include a signature block of the attorney of record or a member of the bar authorized to sign on behalf of the attorney of record. *See Vaccine Rule 14(b)(3).*
 - The signature on the filing and the filing user’s CM/ECF login and password must match (“s/[name of filing user]” or “s/[name of attorney of record] by s/[name of filing user].” *See Supplement to Appendix B, ¶¶ 18-20.*
- Vaccine filings are restricted and can be viewed by case participants and court users only.

Electronic Service

- The transmission of a Notice of Electronic Filing (“NEF”) satisfies the service requirements of Vaccine Rule 17(a), except for petitions.
- Petitions must include a certificate of service in accordance with RCFC 5.3 stating that one copy of the petition and accompanying documents has been served on the Secretary of Health and Human Services. *See Vaccine Rule 2(e)(1).*

Review

- A motion for review of a special master’s decision is filed in the Court of Federal Claims. *See Vaccine Rule 24.*
- A petition for review, i.e., an appeal of a decision of a Court of Federal Claims judge, is filed in the Court of Appeals for the Federal Circuit. *See Vaccine Rule 32.*

Any questions regarding case management should be directed to the Clerk’s Office at (202) 357-6366. For more helpful information, please visit the vaccine page on the court’s website at <https://www.uscfc.uscourts.gov/vaccine-programoffice-special-masters> .
